"Bigger than Texas"

Well it's big and it's wide
Room for eight other states inside
It's where big men do big things
And big towns like Big Springs
But bigger than all of Teaxas
Is my love, my love for you
Well baby you are the answer to my every prayer
I could love you every minute
My heart and soul right in it
Little, my love was little
Till you squeezed me and prittle
All I have to do is look into those bluebided eyes so
blue
Now bigger than all of Texas is my love for you
Big-big-bigger than Texas
Big-big-bigger than Texas
Big big-bigger than Texas
Big-big-bigger than Texas
Big-big-big-big!
