Come in to my empty space  
I've been waiting to know your face  
And I don't mind if we stay up all night  
And I don't mind if  
We stay the rest of our lives

Come in to this restless mind  
Give me love to live inside  
And I'll be home every night  
Just say you will shine a light

I've been searching all this time  
For these pieces you hold  
Hold in your eyes  
I've been running wild, unsatisfied  
Just hoping we'd collide

Come in to this weathered heart  
Think I'm ready to start  
To build a little world  
Like the ones I've seen  
A little world of you and me

So rush in like fools rush in  
Like tidal waves crashing  
Like gravity - It's meant to be  
Rush in, rush in  
Come in - Come in, Come in
