Oh babe, if I could just touch you
You wouldn't want me to stop
And oh darlin'
When you gonna let me know you?
When you gonna let me show you?
I won't stop

And I
Can't help the way I think about you
Can't help - You know what I wanna do
Don't speak just get a little closer to me
I need you to let me
Show you what I'm feeling for you

One thing that's always come easy for me
Is knowing what I want
And I knew since the day I met you
I had to get you
You're all I want

Don't wait another minute
Come on and let's get in it
No need to speak, Just make me weak
And if you wanna know me
Oh then you better show me
What you've got goin' on
