It wasn't long ago all the dreams I know  
Only haunted my days  
And I couldn't see it, couldn't believe it  
Any other way

And all the while, time flying by  
Till I decided, I had to try  
And then I found the strength inside  
And it's got me reaching high because

If you want it -Yes you will  
If you need it - Yes you will  
Take it on and find out  
It was in you all along - Yes you will

You know they like to say  
You've got a long long way  
To go before you see the day  
Call me inconsistent  
Tell me I missed it  
But I'll question  
Every word they say

Cause people talk  
It doesn't matter  
Let them talk  
Let it blow right past ya  
In the face of doubt  
Know what you're about  
And let them all  
Fall to the ground

Take a chance take a chance  
Take a chance now  
Take a chance take a chance  
Take a chance now
