Light in the sky
Clouds passing by
Top of my window
The sun isn't shy
Gets in my eyes
Must be a rainbow

There's a color and you got surprised
It's a deep shade of you in disguise
Rainbow
Every morning

Sometimes at night
Circle of light
Shines on my pillow

Near where I sleep
Colors just creep
And dance through my window

There's a color and you got surprised
It's a deep shade of you in disguise
Rainbow
Every morning

Giving me hallucinations
Try to cut my circulation
Feeds my brain information
Gives my body new gyrations
Holds up to my expectations
I need those elevations
I'm covered in perspiration

Light in the sky
Clouds passing by
Top of my window
The sun isn't shy
Gets in my eyes
Must be a rainbow

There's a color and you got surprised

It's a deep shade of you in disguise
Rainbow
Every morning
Rainbow
Every morning
Rainbow
Every morning
