Where do I stand wishing everyday was my last?
Closing my eyes hoping to catch your reflection inside.
Where do I stand wishing everyday was my last?
Closing my eyes hoping to catch your reflection inside.

Don't get too comfortable you might as well unpack
your tears.
It's a long road.
There is no turning back now
There is no turning back.

Where do I stand wishing everyday was my last?
Closing my eyes hoping to catch your reflection inside.
Where do I stand wishing everyday was my last?
Closing my eyes hoping to catch your reflection inside.

Tear me apart starting from the inside, bring me down
to my knees.
Show me what you've got cause I'm taking you with me.

Keep one thing in my you did this to yourself
Keep one thing in mind.

Keep one thing in mind you did this too yourself
Time and time again time and time again.
