Oooohhh

Yhyhhhyh

Lend your song to me

I will worship u with a song in the desert breeze

I will worship with the drumbeat on your holy hill

I will worship u as an instrument of your righteousness

I will worship u with the words you wanna hear

Chorus

Lend your song to me x8

U can trust me

And I will sing to u with my voice my voice

And I amplify the sound of heavens with pipes

And I will offer up myself a holy sacrifice here I am

And I'll drink forever more from the river of new life

Chorus

Lend x17

I can hear the sound of heaven like a mighty rushing  
wind

I can hear the sound of heaven rushing rushing me in  
(repeat till end)

Give me a sound

Can u hear it I can hear it

Ooohhh ooohhoh
