On our way home  
Down the same road, I can feel it again  
Floor beneath both of us  
Is trembling now, because the words are shaking

Hearing this now  
It doesn't change anything  
You're telling me how  
And that I did something else  
But how can I be guilty of a crime, you started  
Stop right there,

You can do better

I'm not gonna crawl, that's not what I want  
I'm not afraid to stand, where the others turned and  
ran  
If you have to cry, I'll make your tears mine.  
You're the one I want, and I'm never gonna crawl.

Standing outside, thinking how lucky I was.  
Hidden my stride, and being there with you  
But now it's like emotions wants crave  
Somethings gone, so long.

You can do better

I'm not gonna crawl, that's not what I want  
I'm not afraid to stand, where the others turned and  
ran  
If you have to cry, I'll make your tears mine.  
You're the one I want, and I'm never gonna crawl.

I will make the mistakes  
No 'I'm gonna change that.  
You can lead me astray, from your heart

Somewhere deep in that soak  
There's a way to ge tout  
Oh you heard, make this matter

I'm not gonna crawl, that's not what I want  
I'm not afraid to stand, where the others turned and  
ran

If you have to cry, I'll make your tears mine.  
You're the one I want  
And I'm never gonna crawl.
