She had it all
And she had no fears
I used to think that nothing could ever break her
Come what may

She didn't show me any hidden scars
Just covered up and lost her pretty smile
Everyday

I'm far away now
But this time tomorrow
I'll be there
I'll be there soon

Just keep on keeping on
I'll be there to make you strong
The dark clouds fade to blue

A big withe house
And an empty room
So alone
But searching for a way out
She comes to tell

Lets fly away until we touch the stars
I'll dry your tears
And find you pretty smile
Once again

I'm far away now
But this time tomorrow
I'll be there
I'll be there soon

Just keep on keeping on
I'll be there to make you strong
The dark clouds fade to blue

Just keep on keeping on
With you is where I belong
The sun will rise at noon

Just keep on keeping on
I'll be there to make you strong
The sun will rise at noon

Just keep on keeping on
I'll be there to make you strong
The dark clouds fade to blue

Just keep on keeping on
With you is where I belong
The sun will rise at noon
