This is it, I just know
But don't ask me how.
So I Hope, I can fly
It's a long way down.
There's no going back, and there's no way out, no
At the edge, about to jump
Will you catch me now?

Can't go, no I can't walk away from you
Can't run, cannot out run the truth
And I've tried to leave, but there's no way out x5
Too late and there's noting that I can do
My heart's set, now all that I want is you
So i'm giving in, cause there's no way outx5
No Way Out

Where am I, What are we
There's need for words
Feels like walking on air
In a brand new world
And i'm lost in you, and theres no way out, no
But I'm where, I belong
So i just don't care now, don't care now

Can't go, no I can't walk away from you
Can't run, cannot out run the truth
And I've tried to leave, but there's no way out x5
Too late and there's noting that I can do
My heart's set, now all that I want is you
So i'm giving in, cause there's no way outx5
No Way Out

Never been this strong, never been this weak
But it felt alright, when you're here with me
Never been this strong, never been this weak
But it feels alright, when you're here with me

Too late and there's noting that I can do
My heart's set, now all that I want is you
So i'm giving in, cause there's no way out x5
No Way Out

No Way Out, No Way Out.
