If love comes around, If love comes around
Pick it up, pick it up, test it out

Some kisses, leave you breathless
Some do nothing at all, I have tried
You're eyes set me, aligned easy
Most don't even get me off my feet

This time i know which side i'm on
This time i feel, just about everything

If love comes around
Pick it up, (pick it up,) every time
If love comes around
Pick it up, (pick it up,) test it out
'Cause what could be better
I'm losing my mind, to my heart this time
If love comes around
Pick it up, (pick it Up), every time
If love comes
If love comes
Pick it up, Pick it up, every time

Try to find, It won't ever die
Try clear your mind, but his face still shines bright
This is how it feels, life on a ferris wheel
Good everything, glows with a golden chain
This time I know, loves at my door
This time I feel, a loss of all gravity

If love comes around
Pick it up, (pick it up,) every time
If love comes around
Pick it up, (pick it up,) test it out
'Cause what could be better
I'm losing my mind, to my heart this time
If love comes around
Pick it up, (pick it Up), every time
If love comes
If love comes
Pick it up, Pick it up, every time

I can't stop thinking how
This could be the thing that I'm missing
I can't stop thinking 'bout
You in every breath that you're berating
I can't stop thinking how
You could change my life in an instant
If I should just give in, if love

If love comes around
Pick it up, (pick it up,) every time
If love comes around
Pick it up, (pick it up,) test it out
'Cause what could be better
I'm losing my mind, to my heart this time
If love comes around
Pick it up, (pick it Up), every time
If love comes
If love comes
Pick it up, (Pick it up) every time
If love comes
If love comes
Pick it up, Pick it up, every time
