I am going insane from the words that you said
Stuck in my head, stuck in my head
So I twist and turn, ain't going nowhere
Stuck in my head, oh

Sho, I can see your smile inside my minds view
And overtime I'm close my eyes my thoughts they
seem to find you
Just like some vinyl spinning round and round
The sound of fucking silence brings me down and
down
'Cause I can just picture it
This chick I can kick it with
Wanna give her hips a grip
Clothes ripped to bits
Makes me so damn hot it's ridiculous
So just listen
You're whispers, the cause of my conition
I've got you stuck in my head It's like shit.

I am going insane from the words that you said
Stuck in my head, stuck in my head
So I twist and turn, ain't going nowhere
Stuck in my head, oh
I go back, I go forth, I go up, I go down
But I can't seem to shake it off
Like a favorite song playing on and on
Stuck in my head oh

I like the thought of you on top of me
The world is obsolete
you curves turn me to a rock
I find it hard to breathe
A burning hear that beats
Beats me with desire
'Till it's simply just a symbol of the symptoms I've
acquired
See you and I
We should get involved, Girl you're 'bout to get a call
I'll put you on the pedestal and set it off
Put you on a ride better than you ever thought

Never gon' forget, I'm gon' cover you like aerosol
Get you foro my head to my bed, from my mind you
appear
All the clothes baby, what are they doing here
I'm getting new ideas
I'm tearing the fabric
And it's just the way I've clearly magined

I am going insane from the words that you said
Stuck in my head, stuck in my head
So I twist and turn, ain't going nowhere
Stuck in my head, oh
I go back, I go forth, I go up, I go down
But I can't seem to shake it off
Like a favorite song playing on and on
Stuck in my head oh

I've tried to ignore my feeling but I can't seem to let
them go, no
Every minute feels like hours, tells me all I need to
know
So come a little closer, you me feels so right
Let's have a damn good crazy sleepless night

I am going insane from the words that you said
Stuck in my head, stuck in my head
So I twist and turn, ain't going nowhere
Stuck in my head, oh
I go back, I go forth, I go up, I go down
But I can't seem to shake it off
Like a favorite song playing on and on
Stuck in my head oh

I am going insane from the words that you said
Stuck in my head, stuck in my head
So I twist and turn, ain't going nowhere
Stuck in my head, no
I go back, I go forth, I go up, I go down
But I can't seem to shake it off
Like a favorite song playing on and on
Stuck in my head, oh
