This time I'm gonna think with my head
And I'll remember every time my heart bled
Keep going over what my mama said
She told me stay away, you ain't no good for me
This time I'm gonna think with my head

I Should've known that
Too late to turn back this time round
I guess its too bad
I'm in deep, I know but

That's what you get for falling in love
Won't fall in love again
I left my heart in rehab, I'm giving up
Try to be strong, but I keep going wrong now and then
a shattered image of a fairytale
An instruction book to read on how to fail
That's what you get for falling in love
I should know better
Shoul've known better

It ain't woking but I'm gonna do my best
I'm holding my cards close to my chest
This time you really put me to the test
Forget about you if I know what's good for me
It ain't working but I'm gonna do my best

I should've known that (It's too late)
The love we once had, over now
I'm on the wrong track
I'm in deep, I know but

That's what you get for falling in love
Won't fall in love again
I left my heart in rehab, I'm giving up
Try to be strong, but I keep going wrong now and then
a shattered image of a fairytale
An instruction book to read on how to fail
That's what you get for falling in love
I should known better
Shoul've known better

Should have known better

It's been nothing it's, It's been nothing but hurt
Think for a while I'm a typical girl but I know
Yeah I'm in deep, I know but

That's what you get for falling in love (Fallin' love)
Won't fall in love again
I left my heart in rehab, I'm giving up
Try to be strong, but I keep going wrong now and then
a shattered image of a fairytale
An instruction book to read on how to fail
That's what you get for falling in love
I should known better

That's what you get for falling in love (Should've known better)
Won't fall in love again
I left my heart in rehab, I'm giving up
Try to be strong, but I keep going wrong now and then
a shattered image of a fairytale
An instruction book to read on how to fail
That's what you get for falling in love
I should known better
