Look at my eyes, what do you, do you believe what  
you're saying  
Tell me the truth, We'll ever die, I'm getting tierd of  
waiting  
I'm here, Holding the door  
You're in there, pacing the floor  
So come on, what will it be  
Are you gonna wait for me? yeah

You got me looking at the best of me  
And tell me do you wanna see the rest of me?  
Look at my hands, look at my eyes  
Here I am, I'm all yours  
And you caught me just as I was going down  
And all that matters now is that you stick around  
Every day, Every night  
Here I am

I know you told everyone when I was gone when I was  
gone,  
Babe you missed me  
And looking at you I know it's real I know it feels good  
to kiss you  
I've been standing in line while you're in taking your  
time  
I'm wastin' months that I got, I know do I stay or go?

You got me looking at the best of me  
And tell me do you wanna see the rest of me?  
Look at my hands, look at my eyes  
Here I am, I'm all yours  
And you caught me just as I was going down  
And all that matters now is that you stick around  
Every day, Every night  
Here I am

So now it's time for you to tell em what you want  
What's it gonna be baby do or don't  
I'm not gonna wait around another day  
What's it gonna be, are you up for me?

You got me looking at the best of me  
And tell me do you wanna see the rest of me?  
Look at my hands, look at my eyes  
Here I am, I'm all yours  
And you caught me just as I was going down  
And all that matters now is that you stick around  
Every day, Every night  
Here I am

Oh oh ohoh  
Here I am, I'm all yours  
You got me, you got me
