[1]

I'll try harder - more than ever before  
Slowly I've started to trust my heart so much more  
Now I know that I'm wiser of learn a lot from this game  
Clearly I see that all we have been through has just  
made us stronger

[Refr.]

I know, I know, it will turn out just fine  
Standing by you is a promise I'll keep, and  
I know, I know, we will stumble and fall  
Problems are good – in the end they feel so small

Ooh oh

[2]

Broken hearted made it all feel untrue  
Like detected made such a distance to you  
And I know that all over, yeah, we'll learn a lot from that  
change  
Clearly I see that all of this things they have just made  
us stronger

[Refr.]

I know, I know, it will turn out just fine  
Standing by you is a promise I'll keep, and  
I know, I know, we will stumble and fall  
Problems are good – in the end they feel so small

[Bridge]

And I never wanna see us like that again  
And I never want to just be afraid  
I can't go on all alone, it's wrapped(?) in beyond  
Keep hoping on

[Refr. x 2]

I know, I know, it will turn out just fine (Turn out just  
fine)  
Standing by you is a promise I'll keep, and  
I know, I know, we will stumble and fall (Stumble and  
fall)  
Problems are good – in the end they feel so small

I know, I know (I know, I know, will turn out just fine)  
Standing by you (is a promise I'll keep, and)  
I know, I know (I know, I know, will turn out just fine)  
Problems are good (Ooh ooh)

Ah la, ah ah
