Every step that I take
Is like miles from where I wanna be
Miles away from you and me, yeah
Here I am
Standing hopeless with no plan
'cause I love another man, yeah

She doesn't know that I am picturing you
Any day I'd walk a hundred miles in his shoes
No matter how I try
You're still inside my mind, my mind

Everytime we're touching, every time we're kissing,
You're the one I Imagine, you're the one I Imagine
Everytime he holds me, I'd rather be lonely
You're the one I Imagine, you're the one I Imagine
It should've been us, It could've been you
It would have been love, with a perfect view
Everytime we're touching, every time we're kissing
You're the one I Imagine, you're the one I Imagine

Every breath that I take
Is like breathing under water
But easy when I call out your name
Sad to say
He can never take your place
You will never be replaced no

She doesn't know that I'm still thinking of you
Any day I'd run a thousand miles in his shoes
No matter how I try
I can't get you out of my mind, my mind

Everytime we're touching, every time we're kissing,
You're the one I Imagine, you're the one I Imagine
Everytime he holds me, I'd rather be lonely
You're the one I Imagine, you're the one I Imagine
It should've been us, It could've been you
It would have been love, with a perfect view
Everytime we're touching, every time we're kissing
You're the one I Imagine, you're the one I Imagine

It's in every little thing you do

You're running around in my head

And I can't forget about you

I'd rather be lonely instead

Everytime we're touching, every time we're kissing,

You're the one I Imagine, you're the one I Imagine

Everytime he holds me, I'd rather be lonely

You're the one I Imagine, you're the one I Imagine

(you're the one I Imagine)

It should've been us, It could've been you

It would have been love, with a perfect view

Everytime we're touching, every time we're kissing

You're the one I Imagine, you're the one I Imagine
