I, I did survive  
But I don't feel alive  
Not a day goes by

I, I did pull though  
But I'm not over you  
Not a day goes by

Without missing you  
And the love I knew  
It's always on my mind  
'Cause within you're kiss  
Laid my happiness  
Not a day goes by

I, am just a ghost  
Hunting them shadows  
Not a day goes by

Without missing you  
And the love I knew  
It's always on my mind  
'Cause within you're kiss  
Laid my happiness

Constantly you're on my mind  
Not a day goes by

Without missing you  
And the love I knew  
I know we'll once be fine  
'Cause within you're kiss  
Laid my happiness  
Another day goes by
