I'm walking all of the ways to Rome  
I'm looking for words to say, you'll go away  
And I can feel that you're down today  
And all along we thought you'd never let me go  
I'm drowning, you're so lovely today  
You know my everything is that it  
I know you too well

Rome in your eyes  
This is home, aha  
With you  
This is home

I'm walking all of the ways to Rome  
I'm trying to find my home  
You hold my hand  
I let go but I don't think I can  
And now I have to start over with someone new  
And try to forget how crushed I am  
You'll go away, I guess that it is  
I know you too well

Rome in your eyes  
This is home, aha  
With you  
You hold Rome in your eyes  
This is home

I wanna turn my heart into a stone  
This moment will soon be gone  
I'll be alone  
And still all ways will lead to Rome  
The world is still the world and so I guess I'll find  
A way to live on with this broken heart of mine  
But everywhere I go I'll miss this  
You'll always hold my

Rome in your eyes  
This is home, aha  
With you  
You hold Rome in your eyes

This is home  
With you  
This is home
