No ones around you to see when a teardrop fall
And no ones can hear when you cry there's no sound at
all
No one can tell I'm broken
No words were spoken
Through this
I'm fragile

I gotta find me somewhere soft to land
Don't you see
If I crash this heart of glass
Will be
In a million little pieces turn into sand
Unless I find me somewhere soft to land

If only I could catch your eye on the autumn wind
Don't care where I go
Just don't take me to where I been
Somewhere where sun shines trough the rain
Life can start again
Trough this
I'm fragile

I gotta find me somewhere soft to land
Don't you see
If I crash this heart of glass
Will be
In a million little pieces turn into sand
Don't know how I'll ever love again
Unless I find me somewhere soft to land

I'm not to strong to shatter
Insides what matter
I'm fragile

I gotta find me somewhere soft to land
Don't you see
If I crash this heart of glass
Will be
In a million little pieces turn into sand
Don't know how I'll ever love again
Unless I find me somewhere soft to land
