Oh rising up, rising up, she be rising up now rising up
rising up
Eco Freeko Eco Freeko Eco Freeko Eco Freeko
It's 7 to 11 and the wolf is at the door
It's been diagnosed that you're going to be a ghost
Eco freeko this eco freeko that
If everything stopped would the eco come back
My girl has some hope for this place
That's what I like about her too
She's responsible
Everything different bout the way that she do
Eco Freeko If this is my world and you're my girl
Eco Freeko we don't want to view this messy scene
Eco Freeko we'll walk into the fields of green
Eco Freeko hiding out from the eco freeko
10 to the power of 20 and turning on all those lights
It's rising up rising rising up
Baby tries to help the world
She makes me proud
I love her on the grass and I love her in the leaves
She makes me proud
I love her on a sandy beach
She makes me proud
Our time, our time together I don't feel like a nasty boy
Lovin her's like a real cool deal
When I do right I feel alright I feel alright
Eco Freeko this is my world and you're my girl
Eco Freeko you make your best conservative guess
Eco Freeko While it's red lining everywhere
every thing
Eco Freeko can't you just stop for a week eco
freek
Eco Freeko if this is my world and you're my girl
Eco Freeko Don't want a bigger shack lets don't move
again
Oh na na na I'm thankful for the little that I have oh yeh
Boom boom the eco freeko meter's peakin hey hey hey
Yeah and this is my world
How about what I think STOP
Eco freeko eco freeko get off of my rock
I've given up believing that the people with the most
toys

give the world the most joy
Aah its another summer and its just another bummer
all the trash that you're throwing in the ditch.
And there's those that think that ignorance is bliss
But this is my world for me and my girl
We're keeping up with Jones
