Walking my way just minding my own mind
She come grooving down the line
Who is she who can she be
When she smiled now I got this funny feeling
Oh Babe You look you look you look
Oh yes that look was it meant for me
Oh she turns on my love machine
I had no relationship on my hip
I said can I date you I really mean love you
It was oozing out of my every seam
I was aching

She closed her eyes and I kissed her then
I saw sparks and the world spin around
She closed her eyes and I kissed her then
Yeh a kiss of a kiss she kissed like a dream
I closed my eyes I closed my eyes I closed my eyes
Kiss cameleon

She was lovely jalapeno lips on fire
Lovely la la la la la la lovely
She's the lilly of the valley
I think to myself I can do this yes we could go deep
Love was oozing out of my every seam I was aching
I closed my eyes and I kissed her then
I love her lips like hot jalepeno's baby
Just strangers till we meet now we're so glad we met

She closed her eyes and I kissed her then sweet love
rained down
I closed my eyes and then
Joined at the hip
Oh yeh
We closed our eyes and then
Love so sweet, love so sweet as I kissed her and I
kissed her
Ooh
