A little bit of green could help our eco blues  
IÃ¢ÄÄ™ m talking bout these little green botanical  
things  
Oh oh little nuf said  
ThereÃ¢ÄÄ™ s lots of mooee hooee but  
thereÃ¢ÄÄ™ s little nuf said  
Oh thereÃ¢ÄÄ™ s little nuf said about the good of the  
cannabis plant  
As far as renewable commodities  
Things are looking good for hemp  
It yields per acre more oxygen  
I just need a field full  
Good for the tummy and some say itÃ¢ÄÄ™ s good  
for the head  
Is that right Ted  
ItÃ¢ÄÄ™ s clinically helpful when itÃ¢ÄÄ™ s medically  
dealt  
For somebodyÃ¢ÄÄ™ s health  
Ganja or hemp what ever you call it there s little nuf  
said  
ThatÃ¢ÄÄ™ s good about it little nuf said  
Oh there s little nuf said about the good  
You, well you know you could, put it in the cookies  
Rope it to the raft  
The seeds have more essentials than any other plant  
Essential fatty acids essential amino acids too  
For your health  
I wonder if the senators might have another study done  
And this time weigh up the good  
ThereÃ¢ÄÄ™ s little Nuf said and lots of good denied  
The eco system needs this if the world could just  
comply  
ThereÃ¢ÄÄ™ s little nuf said little nuf said about the  
good of hemp  
Doobie doo doo doo doobie doo doo  
ThereÃ¢ÄÄ™ d be paper without cutting trees and bio  
fuels too  
Bags and belts essential oils and polymers for making  
stuff  
Its been a peaceful culture mentor  
Everybody happy in a hammock  
ThereÃ¢ÄÄ™ s little nuf said I wonder why

What about the oxygen it puts into the sky  
There's little nuf said my friends they tell me  
Don't say much about the ganja  
Little nuf said about the good of the ganja  
Little nuf said about the good of hemp  
Little nuf said  
There's little nuf said about the good of the  
cannabis plant  
Don't say much about the ganja  
I don't inhale  
Why do you do what you do  
You're calling it taboo  
But cannabis isn't evil it could help the eco  
Look it up
