Oh won't you let me introduce you to padauk
Hard like rock takes a knock colour shifts with time
Starts out looking sun tan turns orange purple and
black
It's come the way from Africa padauk
Hummmmm yo do do do da da
Characteristic colors of Africa padauk
All day long I could sing my song
All day long they're dancing
On African wood it's called padauk
The dancing floor in the mansion house is padauk
shining so brightly
Yeh the dancing floor in the mansion house is padauk
Its finished up nicely
Oh I hope when we cut them down that we put another
tree in the ground
Cause it takes a hundred years to grow padauk
Ooh! uhm
Aah
La la la la la la la la la la la
Chop a down down a bom bom away! uhm uhm
uhm

All I know about a dancing floor of padauk
It costs a lot of jingles
Should have left the wood on a tree some where
padauk
The governor's floor is wearing well
Padauk beneath its urethane shell
It's a pretty wood but costs too much for me

The dancing floor in the mansion house is padauk
You can really stomp your heels to it
All the way from Africa padauk
Oh I hope when we cut them down
We put another tree in there
It takes a hundred years to grow a tree
Yes it do
