Too late  
Gone by  
Up into the bright blue sky  
I called you  
Didn't come quick enough

Too late  
Goodbye  
A shiny glimpse we might have shared  
Gone away  
On its moment in flight  
Oh it's too late  
Such is fate  
Hokus pokus our heads were unfocused  
Have you missed the bus  
That leaves just one of us

This trait now sweetie might just leave you in a muddle  
Under their breath you know they'll diss you and cuss  
you  
Late  
When you're late  
You're late  
Too late  
Too late  
Too late  
Too late  
C'mon  
Could it be later than you think  
Do you think  
Ah do you think you'll make a change  
Do your frustrations keep you underneath the weather  
Is your baby late  
Did something on your bike break  
Late  
That's when I miss my mate

Too late  
Ah oh and you're sorry  
Just one more story  
So you've missed the bus  
That leaves just one of us

And who's missing all the magical moments
