### Verse 1

Go ahead call me out my name  
I'll holla back in 3 days  
Hear me when i say i'm gonna turn this party out.  
They nailed me in my feet  
They nailed me in my hands  
But in 3 days I promise you that I'm gonna rise again.

Oohh, oohh, ohhh,  
I was there  
When they peirced him in his side  
The Savior's dead  
But i just left the tomb and he's..

### Chorus

(altos) Not there (sopranos) Not there  
(tenors) Take it easy  
(altos) Not there (sopranos) Not there  
(tenors) What are ya sayin' to me?  
(altos) Not there (sopranos) Not there  
(tenors) Are you kidding me?  
He's not there

Look into my eyes

I could've called ten thou'  
To come and bail me out

But I just left the tomb and he's..

Vamp

Who would've trespass the Savior's tomb  
Who could have stolen his corpse from the grave?

I went down into hell  
And I snatched the devil's keys  
The stone was rolled away  
Death where is your sting... sting

Sunday morning it was on and popin'  
The stone was rolled away  
I told death behave

Alive!  
Jesus is not there  
Got up like he said  
All power in his hands  
And he's...  
(repeat x2)
