Verse 1

I can't believe media; they all find it entertaining
That's a great idea; planting seeds in the next kid's
brain and
It's an exploitation and we're making light of travesty
God, help our nation€;it's teenage insanity
Lean
Columbine: can someone tell me what's up with this?
Santee High, Granite Hills not far behind cuz
In this present time and day there's got to be a better
way
There's gotta be a better way, yeah!

Chorus

I need Jah
They need Jah
We need Jah
We need some help!

Verse 2

See my greatest fear has turned into reality
Never in a million years
Did I ever think it would come this close to me
Look at all these bodies blood dripping from their
young hair
As the world keeps turning; God it seems like no one
cares
Lean
Chorus
