The love that you bring
You bring me alone
The pain that you give
Gives me a home

Do you wanna stay by my side
Do you want me to turn and lie
We are disappearing inside
Seeing pictures of our goodbyes

When we, we believe
That our love will survive
The pain that you bring
It brings me alone

Do you love me,
Do you hate me,
Do you wanna believe me,
Do you think that you don't need me
Do you wanna decieve me

I can think that its all over don't want to forget
I can think the dissapointment that'll want to repress
your

Goodbye.....
Goodbye.....

The design we both demalded
The dreams when you see, that goodbyes aren't for
long

Please follow me
To the borders of destiny
I dont want to break from your side
The falling ground screams....goodbye

Please follow me
To the borders of destiny
I dont want to break from your side
The falling ground screams....goodbye

Goodbye.....
Goodbye.....
The design we both demalded
The dreams when you see, that goodbyes aren't for
long
