I love me, some him
I'll never love this way again
I love me, some you
Another man will never do

All those days and lonely nights
Have all gone away
I've never thought the day would come
When we'd be more than friends

You made me smile when I was down
You turn my world around
The way you give me love feels so right

You took the ease off my mind
And put it behind
You were there for all my needs
So baby please stay

I love me, some him
I'll never love this way again
I love me, some you
Another man will never do

I love me, some him
I'll never love this way again
And I love me, some you
Another man will never do

Just like a dream come true
I wished for you
I have never been so happy
'Bout a love so new

You've opened my heart to a brand new start
My love's there will wherever you are
I won't let no one take you away
You took the ease off my mind
And put it behind
You were there yes indeed
For all my needs, yes you were there

I love me, some him
I'll never love this way again
I love me, some you
Another man will never do, oh no

I love me, some him
I'll never love this way again
I love me, some you
Another man will never do

'Cause you came along and changed my life
Told me things would be all right
And they were thanks to you baby

And now I have a strength to carry on
In my heart you have a home
And I never want to be alone 'cause I love me

I love me, some him
I'll never love this way again
I love me, some you
Another man will never do

I love me, some him
I'll never love this way again
I love me, some you
Another man will never do, oh no

I love me, I love me
I love me, some him
I'll never, I'll never
Love this way again
I love me, some him
I love me, some him
I love me, some him
