I don't know  
About you  
Can we work this out  
Cause it seen doesn't look to work out now  
You keep on breaking my heart  
When you know thing  
Get better that when you up and leave  
I don't know why  
Looking suspersion on your face  
Everytime she call you why  
You on it let keep up in the air darling  
You looking crazy it cause looking for you  
Let keep thing up in the air

How we end  
Me dance for you  
Trying to be nice  
You don't show no emotion  
Keep you like original is his of living  
When we got some DNA  
You can't show your face around here no more  
Let me get my girlfriend  
You been acted up  
Waiting all day for you to leave  
When I go in the room  
You get upset easily  
I didn't show you I committed to you  
But you didn't care  
I stop caring too  
You bullshit aint working no more please  
We got what we want all the time  
How we end  
When your car up in the yard  
I don't do anything you know that boy  
Which one is I got all the day the same question you  
ask me  
Let keep this in the air
