When we use to said goodnight  
When we wake up another day is dawn  
Before we leave we said our goodbye  
Soon we come home the night just endin for us  
Then we do it over again where we fall apart from this  
love song

#### Verse 1

We didn't have all that  
Cause you didn't want to  
I have to figure if you didn't want me you told me  
Cause I need to know we fall apart from this  
Gettin back at each other like I told you

When we use to said goodnight  
See each other in the morning  
when we wake up is another day is dawn  
Before we leave said our goodbye  
Soon we come home the night endin for us  
Then we do it all over again when we fall apaart from  
this love song

Two time for chorus where we come from where it had  
To see each other well we off again because this love  
song  
Keep us together never should be this where I fall apart  
this love song where us fall apart from this love song  
We ever need it, need it  
For my sake and your sake what could show something  
about this love song when we wake up is just  
That we use to get this done well you know we off again
