Baby yeah
No oh yeah
Yeah yeah yeah yeah yeah umm
Baby ooh

Never been the type of woman that needed someone
I had to do the things myself or it never got done
Never knew around the corner I'd meet someone
That I would be totally comfortable sharing my love

My oh my! I'm letting my guard down
My heart is yours now
Baby cause now

You make me melt
Like an iceberg on the sea, Baby you do things to me
That I never felt
You make me melt
Never ever been this weak, this is all brand new to me
I think I should tell ya
That you make me melt, yeah yeah yeah
You make me melt oh baby

You should never say never, Cause it's happening to
me
Used to say, ?I'll never let a man take the lead?
But now I'm independent, Baby you're all I need
Wouldn't last a day or a night without you next to me

My oh my! I'm letting my guard down
My heart is yours now
Baby cause now

You make me melt
Like an iceberg on the sea, Baby you do things to me

That I never felt
You make me melt
Never ever been this weak, this is all brand new to me
I think I should tell ya
That you make me melt, yeah yeah yeah
You make me melt oh baby

I've always been the cool independent type
But now I'm different when I look in your eyes
I try to play it as cool as ice
But you make me melt every single time

You make me melt
Like an iceberg in the sea, Baby you do things to me
That I never felt
You make me melt
Never ever been this weak, this is all brand new to me
I think I should tell ya
That you make me melt, yeah yeah yeah
You make me melt oh baby

OOOH you make me melt oh baby
4X
you make me melt, baby

ooh ooh oh
