I know you watch, all over here
Tryna find a way to come into my situation
But you should know this
It's all good so be cool

Tell your girl I don't care to fight
I got him locked and he's all mine
So you should know better than
To think that you could ever put it down like I can

If he needs good lovin'
(I got it)
If I need to heat it up
(I got fire)
Make sure I'm the best for
(For him, sure)
He's running home to me for it

And he knows what ever he wants
(That I'm with it)
And he knows the perfect place
(To come get it)
And he knows that every woman's in me
Fall back and just let me be

I gots to breath please, back up off of me
(Uh oh, uh oh, uh oh)
I gots to breathe and just be
Breathe, please, in case y'all didn't hear me, yeah yeah
I gots to breathe so let me breathe, please

You're in violation, let me help you understand
Before we have a problem, I could take it there
When it comes to my man
Please don't let me solve 'em

Everyday is a holiday
Everyday's our anniversary
You should think about the time you waste
'Cause my last name ain't gon' change

If he needs good lovin'

(I got it)
If I need to heat it up
(I got fire)
Make sure I'm the best for
(For him, sure)
He's running home to me for it

And he knows what ever he wants
(That I'm with it)
And he knows the perfect place
(To come get it)
And he knows that every woman's in me
Fall back and just let me be

I gots to breath please, back up off of me
(Uh oh, uh oh, uh oh)
I gots to breathe and just be
Breathe, please, in case y'all didn't hear me, yeah yeah
I gots to breathe so let me breathe, please
