Ain't nobody ever prove their love when  
Things were all good  
And two people are smiling  
Love is found way down in the trenches  
When he's throwin a fit  
And she is sittin there crying  
We tear it up  
To patch it up  
Break up  
To make up  
The show goes round and round  
And that how we get down  
We go back and forth  
And anyone who goes through this should know  
That what i am saying is for real  
Real love is meant this way

(Chorus)

We say things that we don't mean  
And that's the way love works out sometimes  
He's trippin  
She's trippin  
and we both be trippin and  
That's the way love works out sometimes  
Cause when it's on it's on  
and your no longer stressin'  
and life teaches a lesson  
that love is still a blessin  
Cause when it's all said and done  
were back at square one  
and that's the way love works out sometimes

(Verse 2)

What you know about screamin' yellin' 'causein' pushin'  
ruling and arguing

Like it's 12 rounds up inside the garden  
I say where the hell you going  
And you say I'm getting up out of here  
and I say you ain't going no where  
then I follow you down the stairs,  
get in front of you and then I scream

Sounds like I'm fussing  
Though you're still the one  
And the truth is this is really love  
And ooooh yeah  
When I feel like going off  
I know this show is up  
and you know...

(chorus)

(Bridge)

You wont believe it until you see it  
How much you need somebody  
(need somebody)  
And you'll never know how far you'll go  
When you love somebody  
(love somebody)  
ooohooh

Sometime we say the craziest things!
