

Toni Braxton

"The Heat"

Visit "[The Heat](#)" on MotoLyrics.com

Where's the sand? I'm set
My body thumping, going pitty-pat
Gettin' tan and wet

And when I feel the beat I lose control of it
Ooh baby, I'm feelin' you, I must admit
Looking tight and fit and I imagine you and I in

Summer bodies, shake it to the
Music's going through your
Can you feel the heat, the heat

The heat is movin' through your body
Temperature is rising
Can you feel the heat, the heat

Sleeping in till noon
Be naughty, put bubbles in the swimming pool
Skinny dip for two

And as you feel the rhythm taking hold of you
Ooh papi, I love it when you, ooh, eeh, ooh
And I'm hooked it's true, I imagine you and I in

Summer bodies, shake it to the
Music's going through your
Can you feel the heat, the heat

The heat is movin' through your body
Temperature is rising
Can you feel the heat, the heat

Summer's almost over so you better hurry
Andale, andale
Starting right now, let's dance and party
Ole, ole, ole

Give me a reason to love you through
Through the season
No need to hesitate, come on let's get it on
Let's celebrate 'cause it's

Summer bodies, shake it to the
Music's going through your
Can you feel the heat, the heat

The heat is movin' through your body
Temperature is rising
Can you feel the heat, the heat

Summer bodies, shake it to the
Music's going through your
Can you feel the heat, the heat

The heat is movin' through your body
Temperature is rising
Can you feel the heat, the heat

Summer bodies, shake it to the
Music's going through your
Can you feel the heat, the heat

The heat is movin' through your body
Temperature is rising
Can you feel the heat, the heat
Anybody want some ice cream
