There were so many times
My heart has been broken in two
I kept them waiting in line
'Cause nobody's heart was true

For every time I gave into love
I was always in the blue
And just when I was about to give up
I found myself an angel, all in you

I've been waiting a lifetime
For somebody to love me like you do
I was thinking that I'd always be lonely
But God came up with someone like you

Just to think
I had made up my mind, love was over
Somebody gave me their love
That somebody was you

I'll tell you night after night
I've prayed for someone like you
But no one never was right
They could not compare to you

I wasn't sure if I could endure
If things just stayed the same
I didn't know that God had in store
And then he brought your loving my way

I've been waiting a lifetime
For somebody to love me like you do
Yeah, oh yeah, oh yeah
I was thinking that I'd always be lonely
But God came up with someone like you, yeah

Just to think
I had made up my mind love was over
Somebody gave me the love
That somebody was you

I've been waiting a lifetime

For somebody to love me like you do
I was thinking that I'd always be lonely
But God came up with someone like you

Just to think
I had made up my mind love was over
Somebody gave me the love
That somebody was you, only you
That somebody was you, that somebody was you
