I fall at the thought of us falling apart
But I swore to never use my head before I use my heart

And you'll keep me breathing
Grant me peace through the night
My dear, I hope your dreams are as sweet as real life

Cause this is my favorite thing by far
And you define everything I've ever know but why?

Do you belive in faith?
Do you belive in destiny?
Would you belive me if I told you, you complete me?

I don't say this lighty
So don't take this lightly

This is my favorite thing by far
And you define everything I've ever know but why?
Why want me when you could of had anybody?
Hi, nice to meet to meet you was it nice to meet me too?

Don't tell me the things that you think I want to hear
Just tell me the truth, and the whole truth,
Your thoughts and your hopes and dreams your fears
Cause' I dont have time to waste
If all that you're looking for is the chase
Don't let me be just another mistake
But still it's a chance that I'm willing to take for you
For You - it's all for you

This is my favorite thing by far
And you define everything I've ever know but why?
Why want me when you could of had anybody?
Hi, nice to meet to meet you was it nice to meet me too?

This is my favorite thing by far
And you define everything I've ever know but why?
Why want me when you could of had anybody?
Hi, nice to meet to meet you was it nice to meet me

too?
