You say love is to be alive!  
Well, baby, I've been dead my whole life!

This kiss is meant to last a couple seconds,  
Don't suck the flavor out of me.  
From here on end lets make it seem like we fell in love.  
I won't keep my promises.  
Don't call me a liar, I will lie to you  
I will lie to you!

One night to fall in love with me.  
I've written the pretty  
The parts.  
She spoke with those lips  
They were all over my body  
I swear it!

She drank those last few drinks  
It was luck. I swear it.  
I know the situation isn't right.  
I swear it isn't even right.

This kiss is meant to last a couple of seconds.  
Don't suck the flavor out of me.  
From here on end let's make it seem like we fell in love.  
I won't keep my promises.

From here on let's make it seem like we fell in love!  
I won't keep my promises!

This kiss is meant to last a couple of seconds.  
Don't suck the flavor out of me.  
From here on end let's make it seem like we fell in love.  
I won't keep my promises.

Don't call me a liar. I will lie to you

Don't be surprised by the light  
I won't give you tomorrow.  
Understand, you cannot make this obsession last  
It's easy.  
No pills...

No nothing...  
I know they can't explain themselves.  
I have you coming like water.  
Girl! I have you coming like water!
