Her eyes are blue & brown,
But who's got the best lips in town,
Her eyes are deep enough to jump & drown,
But who beholds the best kiss in town?

Where do we go from here,
In picking up the pieces,
My God, She's so fragile.

Girls, Girls are out to get us pretty boys,
Synergy is killing me tonight,
We are ever so alive.

The voices are soft as sound,
The jokes are laughable out loud,

Where do we go from here,
In picking up the pieces,
My God, She's so fragile.

Girls, Girls are out to get us pretty boys,
Synergy is killing me tonight,
We are ever so alive.

God this feels so Good,
Feels nice, It's like everything's all right,
But it's not to good for you.

God, This feels so Good
(They're out ot get us boys)

Girls, Girls are out to get us pretty boys,
Synergy is killing me tonight,
We are ever so alive.
