Her eyes are blue and brown,
But who's got the best lips in town?

Her eyes are deep enough to jump and drown...
But who beholds the best kiss in town?

Where do we go from here?
In picking up the pieces...
My God she's so fragile...

Girls, girls, are out to get us pretty boys.
Synergy is killing me tonight.
We are ever so alive.

The voice is as soft as sound,
The jokes are as laughable out loud.

Where do we go from here?
In picking up the pieces...
My God she's so fragile...

Girls, girls, are out to get us pretty boys.
Synergy is killing me tonight.
We are ever so alive.

Girls, girls, are out to get us prettys boys.

God this feels so good.
Feels nice.
Feels like everything's alright.
It's not too good for you.

God this feels so good.

God this feels so good.

God this feels so good.

God this feels so good.

God this feels so good.

God this feels so good.

Girls, girls, are out to get us pretty boys.
Synergy is killing me tonight.
We are ever so alive.

Girls, girls, are out to get us pretty boys.
