

Tonight Is Goodbye "Nobody Cares"

Visit "[Nobody Cares](#)" on MotoLyrics.com

All of this is true, I'm sorry we lead you on for too long
But this is not our end, this is something friends can
see right through
All of this is hard, so hard to find the words to let you
go
But this is not our end, this is something friends can
see right through

Nobody cares, about the other person
Nobody cares, that all our problems have all worsened

All of this is fact, and all our fingers point right at you
Your twice as nice, your twice as nice when you tell
what's black and white
All of this is true, I'm sorry we lead you on for too long
But this is not our end, this is something friends can
see right through

(I've built you so many things, I've told you much more
than you need to know)
