Negative your where abouts  
Red light shines on everything  
You're around

Take off your clothes  
And pop the lens  
It's a god known truth  
That all good things must end

You're not here  
We're singing  
WOAH

Snap Snap you're going to  
Get in the frame somehow  
You're picture perfect looks are left  
To imagination

Photograph your every move  
When shutter speed reflects  
What they're to prove

They don't get kicks out of perfect looks  
Cus' they're only there to  
Snap snap snap

You're not here  
We're screaming.  
WOAH

Snap Snap you're going to  
Get in the frame somehow  
Yeah, you're picture perfect looks are left  
To imagination

Snap Snap you're going to  
get in the frame somehow  
You're picture perfect looks are left  
To imagination just for now

Snap Snap

Imagination  
Imagination, just for  
Imagination  
Imagination, just for now  
(2x)

Imagination  
Imagination, just for  
Imagination, just for now  
Imagination, just for

This is for now

Snap Snap you're going to  
Get in the frame somehow  
You're picture perfect looks are left  
To imagination

Snap Snap you're going to  
Get in the frame somehow  
You're picture perfect looks are left  
To imagination  
(2x)

just for...
