Someone could have saved the day  
But who'd have guessed it, who could know  
Just how fast the time would go?  
Someone should have shot that picture

Oh, stop the clock  
Stop the clock  
Stop the clock forever

Someone could have loved you better  
Someone should have been the one  
But hearts get broken, homes get wrecked  
The world's still fallen I expect  
Still, someone could have loved you better

Oh, stop the clock  
Stop the clock  
Stop the clock forever

Oh, stop the clock  
Make it stop  
Stop that clock forever  
When will it end?

Someone take this clock and break it  
Stop the world and then remake it  
Stop the sorrow, dry the eyes

God knows how but someone try  
Someone take this clock and break it  
Take this heart and then remake it

Oh, stop the clock  
Stop the clock  
Stop the clock forever

Oh, stop the clock  
Make it stop  
You know it's now or never  
When will it end
