For you I'd give up magic  
Although magic's all I have  
And I would even practice  
Feeling good when I feel bad  
I don't need anyone but you  
I don't love very much, but I love you  
I see you looking my way  
Baby I'm looking your way too  
For you I'd give my hands  
Even though my hands are tied  
I would love to run you ragged  
You can't say I never tried  
I don't need anyone but you  
I don't love very much, but I love you  
I see you looking my way  
Baby I'm looking your way too  
For you, for you  
There is nothing that I would not do  
For you, for you  
I'd tear these paper walls in two  
And I'd throw them all away (throw them all away)  
I would throw them all away  
I never had a lover that  
I couldn't see through  
But baby, I never had you  
For you I'd fight a lion  
If a lion came around  
I would swim right cross the ocean  
Catch my breath and turn around  
I don't need anyone but you  
I don't love very much, but I love you  
I see you looking my way  
Baby I'm looking your way too  
For you, for you  
There is nothing that I would not do  
For you, for you  
I'd tear these paper walls in two  
And I'd throw them all away (throw them all away)  
I would throw them all away  
I never had a lover that  
I couldn't see through  
But baby, I never had you

For you  
For you (you)  
For you (you)  
It's for you, for you (you)  
(you) - (you
