Well, he walks right, he talks right  
Knows what makes them girls feel fine  
He?s got a way with women  
And he just got away with mine

He drives a big car like a big star  
Plays a guitar that bluesy kind  
He?s got a way with women  
And he just got away with mine

No, he didn?t ride up wearin' shinin' armor  
Ridin' on a milk white steed  
But he gave ?em quite a performance  
This I must concede, yes, yes

'Cause he walks right, he talks right  
Knows what makes them girls feel fine  
He?s got a way with women  
And he just got away with mine

No, he didn?t ride up wearin' shinin' armor  
Ridin' on a milk white steed  
But he gave ?em quite a performance  
This I must concede, yes, yes

'Cause he walks right, he talks right  
Knows what makes them girls feel fine  
He?s got a way with women  
And he just got away

Gonna say one more time  
'Cause this gentlemen is so darn smooth  
He?s got a way with women  
And he just got away with mine
