Just when I thought that I couldn't go on  
Just when the sun left the sky  
Just when I thought that I'd never grow old  
You gave me the reason to try

Just when my body felt broken and bruised  
Nothing could ease all the pain  
Just when my whole world was falling apart  
You put me together again

You were the only one help me to carry on  
Help me find hope and desire  
All that I wanna do is stay in love with you  
With all that we've been through you make me wanna  
try

And deep in my soul I know  
You gave me room to grow  
Made me let go of the past  
You gave me dignity  
Showed me the way to be  
You believed in me  
You gave me wings to fly

Just when the music started to fade  
Just when my words wouldn't rhyme  
Just when my colours were all turning grey  
You changed them and made them shine

Just when I needed the chance to believe  
Just when I needed to care  
Just when I needed somebody to love  
You came and you answered my prayer

Just when I needed somebody to love  
You came and you answered my prayer
