The first time ever I saw your face  
I thought the sun rose in your eyes  
And the moon and the stars were the gifts you gave  
To the night and the empty skies my love  
The first time ever I kissed your mouth  
I felt the earth move in my hand  
Like the trembling heart of a captive bird  
That was there at my command my love  
That was there at my command

The first time ever I lay with you  
And felt your heart so close, so close to mine  
And I knew our joy would fill the earth  
And would last 'till the end of time my love  
And would last 'till the end of time

The first time ever I saw your face  
Your face, your face, your face
