I remember, when you were down
And you needed a helping hand
I came to feed you
But now that I need you
You wont give me a second glance
Now Im calling all citizens from all over the world
This is captain america calling
I bailed you out when you were down on your knees
So will you catch me now Im falling

Help me now Im calling you
Catch me now Im falling
Im in your hands, its up to you
Catch me now Im falling

I remember when you were down
You would always come running to me
I never denied you and I would guide you
Through all of your difficulties
Now Im calling all citizens from all over the world
This is captain america calling
I bailed you out when you were down on your knees
So will you catch me now Im falling

Help me now Im calling you
Catch me now Im falling
Im in your hands, its up to you
Catch me now Im falling

When you were broke you would come to me
And I would always pull you round
Now I call your office on the telephone
And your secretary tells me that shes sorry,
But, youve gone out of town.

This is captain america calling
This is captain america calling

Help me now Im calling you
Catch me now Im falling
Im in your hands, its up to you
Catch me now Im falling

Catch me now Im falling
Catch me now Im falling
Catch me now Im falling
Catch me now Im falling

I stood by you through all of your depressions
And I lifted you when you were down
Now its your chance to do the same for me
I call your office and your secretary tells me
That youve gone out of town

This is captain america calling
This is captain america calling

Catch me now Im falling
Catch me now Im falling

I was the one who always bailed you out
Of your depressions and your difficulties
I never thought that you would let me down
But the next time youre in trouble
Better not come running to me

Now Im calling all citizens from all over the world
This is captain america calling
I bailed you out when you were down on your knees
So will you catch me now Im falling
Catch me now Im falling

Catch me now Im falling
Catch me now Im falling
Catch me now Im falling
Catch me now Im falling
