Does It Ever Leaves Your Mind

For Emma, Wherever Life Might Lead You

Looking thinking you are wonderful
Watching thinking you are beautiful
Born into a world that's
Violent at times
With cold cruel minds
That can steal you
With a lie

Sometimes I feel so wary
Sometimes I feel so angry
How was I to recognise
Behind smiling eyes
The evil in his mind

Little Girl Lovely Girl
Warm and safe in your soft world
Little girl lovely girl
What dreams beneath the curls
Leave the past behind?
Does it ever leave your mind?

I like to sing to you nursery rhymes
I like to sing to you lullabies
Here's a song about modern times
To keep in mind
Just so you do know

You can't trust in believing
You can't trust without reason
Some live in a private hell
It's hard to tell
And know their thoughts inside

Little Girl Lovely Girl
Warm and safe in your soft world
Little girl lovely girl
What dreams beneath the curls

Leave the past behind
Does it ever leave your mind

It's not my aim to scare you
Wherever life might lead you
We just need to talk it through
No matter what you do
Some might want to hurt you

Little Girl Lovely Girl
Warm and safe in your soft world
Little girl lovely girl
What dreams beneath the curls
Leave the past behind?
Does it ever leave your mind?
