Don't you know can't you see, all this time it was me,
couldn't tell you though, oh right,
When I'm down feeling blue, only needed to be near
you never let it show,

Oh. I don't know if my emotions can stop me from
going insane,
My soul is crying out confessions, and my heart is
holding back the pain.

Amore silenzioso, I've been holding back too long,
Amore silenzioso, the feeling is just too strong, yeah,
mm oh baby,

Every day something dies, don't know deep inside how
I feel about you,
Every hour passes by, wasting time living lies, I got to
tell the truth yeah oh.

I don't know if my emotions can stop me from going
insane,
My soul is crying out confessions, and my heart is
holding back the pain.

Amore silenzioso, I've been holding back too long,
Amore silenzioso, the feeling is just too strong.

Io non so se, le mie emozioni, mi impediranno di
impazzire,
La mia anima sta confessando, mentre il mio cuore già
trattiene il dolore.

Amore silenzioso. I've been holding back too long.
Amore silenzioso, the feeling is just too strong,
Amore, I've been holding back too long yeah, I know I
got it wrong,
Amore, give me your love, give me your love, give me
love ooh, oh I need your love, I need your love yeah,
Ooh yeah I need your love,
Give me, give me, please give me all of your love.
