I thought that you was my friend
But now it's the end
I'm tired of being alone
What did I do wrong

Don't walk away, can't stand the pain
You know it's true, I put my trust in you
Don't understand
I tried to change, you're playing games
I put my faith in madness

I thought that our love was true
But it was a lie
God knows I can't close my eyes
Please let this dark house shine

Don't walk away, can't stand the pain
You know it's true, I put my trust in you
Don't understand
I tried to change, you're playing games
I put my faith in madness

Words of reason just bring pain
I tried to tempt the dying flame
Give me back my shattered life
And I'll believe again
But when I hear the sound of screams
I feel the twisted evil dreams
Prayers and curses become the same
And I believed in vain

I put my faith in things you said
I put my faith in the trust we had
I put my faith in faithfulness
I put my faith in madness
No, no

Is that truth that's screaming set me free
In coils of misery, that slowly curls around me
Is that death, it's strange that I can't tell
It doesn't seem like hell
Everything is still and silent
